My name is Kika G. Bukoski. I'm running for re-election to the State House of Representatives, representing District 12 or Upcountry Maui. I've been serving as the Upcountry State Representative for the last four years and, looking back, can honestly say that Upcountry Maui is a little better today than it was four years ago.

Since being elected in 2000, I've successfully lobbied for projects to decrease the cost of water to farmer's, develop a long term care facility, provide 24 hour ambulance service in Kula, improve the traffic on Haleakala Highway, expand the Makawao Library, and construct a new Institute for Astronomy, as well as other worthwhile projects through out the state.

Since being elected in 2000, I've successfully fought for measures to increase our use of renewable energy and fought for measures to reduce our dependencies on fossil fuels. I've fought to pass measures to make our lives better and fought even harder to defeat those that would impose on our civil liberties and rights as American citizens.

I've remained committed to making decisions based on the merits and demerits of each individual issue, through research of the facts and information that is available. I remain open to discuss and debate issues with any organization or individual.

But most of all, I've enjoyed helping the people of Hawaii when needed and where able. I look forward to continuing to work for a better Maui and a better Hawaii. Mahalo for your continued support.
